

The Arabian Horse Society Proudly Presents:

THE LOVE OF HORSES

A tribute to Pat Slater and the HORSES of AUSTRALIA...

The legacy of author and celebrated horse photographer — Pat Slater. Pat's passion is best summed up in the life-long photographic record she left of horses, beautiful and plain, at work and at rest. She never met a horse she didn't love. Each has a story, some joyful and others sad, but one thing is for certain, each involves the companionship and cooperation of the people she regarded most highly: those who love their horses.

Some of her favourites are featured in this beautiful, bold new publication.

The Love of Horses is a collection of powerful images and revealing stories honouring equine majesty and the unique relationship between horse and human.
