

## SECRETARY/REGISTRAR REPORT 2020 AGM

As this is a "late" AGM due to covid-restrictions, my report will cover the extended time period since the last AGM. I wish to thank the Members of the Society for their patience and assistance during these difficult times, the office staff for taking on the task of working from home in order to ensure that minimal disruption to processing occurred and the Board for their understanding and support. Last year the Society completed the task of transferring all things computer related from a physical server in the office to "the cloud", thankfully this was done as without it working from home would not have been possible. The staff are back working from the office while the NSW covid situation is monitored, at least we know now that we can operate and provide good service to the members working remotely if necessary.

Australia Post is causing a lot of frustration for staff and members, please email paperwork wherever possible rather than relying on a system that is very unreliable and costly. The Society is also emailing rather than posting to members, this is a time as well as cost saving procedure.

The popular Registration Amnesty is being well utilised by members and has been extended until the end of the year. The Board and staff are committed to ensuring that wherever possible registrations and transfers can be completed and a membership amnesty has also been introduced in order to encourage people who may not wish to join the Society to transfer and reciprocal register their geldings and Derivative and API mares with the addition of an extra non-member transaction fee. It is hoped that these two amnesty incentives will encourage participation that may otherwise not have eventuated. Please, if you have a problem contact the office and a member of the staff will be able to assist you.

The statistics for 2019 are attached for your information.
