## Directors' Report

### Principal activities

The principal activity of The Arabian Horse Society of Australia Limited during the financial year were the maintenance of the purity and promotion of the improvement and popularity of the Arabian Horse in Australia. The compilation and maintenance of Stud Books, Registers and records of pure bred Arabian horses and their derivatives and the publication of the Arabian Horse News.

No significant changes in the nature of the entity's activity occurred during the financial year.

### Short term objectives

The company's short term objectives are to:

- To maintain a Purebred Stud Book and Derivative Registries.
- To participate in promotional events involving the wider community.
- To hold and promote shows.
- To train and educate judges for our shows.
- To involve youth with Arabian horses.

### Long term objectives

The company's long term objectives are to:

- To maintain the purity of the Arabian horse.
- To register and promote Derivative Arabian horses.
- To showcase the versatility of the Arabian breed.
- To achieve breed growth, financial stability and organizational efficiency.
- Brand awareness of the Arabian Horse Society name and logo in the broader community. (e.g. sponsorships, advertisements, facebook, etc.)

### Strategy for achieving the objectives

To achieve these objectives, the company has adopted the following strategies:

- Consistency and relevance in the application of the Rules and Regulations within the Registry.
- Maintenance of an online Stud Book that is free and open to all.
- Production of a quarterly publication devoted to Arabian horses.
- Participation in equine events such as Equitana.
- Support for a programme of educating, examining and licensing judges.

# The Arabian Horse Society of Australia Limited

ABN 12 001 281 590

## Directors' Report

### Strategy for achieving the objectives (continued)

- Prudent management of available funds.

### How principal activities assisted in achieving the objectives

The principal activities assisted the company in achieving its objectives by:

- Registering Purebred and Derivative horses.
- Providing venues for members to exhibit Arabian horses.
- Providing opportunities for breed promotion.

### Performance measures

The following measures are used within the company to monitor performance:

- Membership numbers achieved.
- Annual horse registration numbers and other markers such as Returns.
- Member participation in events provided.
- Costs of producing and attending events compared to efficacy.
- Sponsorship available and costs of raising sponsorship.

### Members guarantee

The company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the company is wound up, the constitution states that each member is required to contribute a maximum of \$20 each towards meeting any outstanding obligations of the company. At 31 December 2013 the collective liability of members was \$67,520 (2012: 62,420).

# The Arabian Horse Society of Australia Limited

ABN 12 001 281 590

## Directors' Report

### Meetings of directors

During the financial year, 4 meetings of directors were held. Attendances by each director during the year were as follows:

	Directors' Meetings	
	Number eligible to attend	Number attended
A Preston	5	5
K Fletcher-Grieve	5	5
G Martini	5	5
L Williamson	4	4
J Bromley	5	5
S Ahel	5	5

## Notes to the Financial Statements

For the Year Ended 31 December 2013

---

The financial statements are for The Arabian Horse Society of Australia Limited as an individual entity, incorporated and domiciled in Australia. The Arabian Horse Society of Australia Limited is a company limited by guarantee.

### 1 Summary of Significant Accounting Policies

#### (a) Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements of the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 10 February 2014 by the Board.

#### (b) Revenue

Revenue from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

Revenue from the rendering of services is recognised upon the delivery of the service to the customers.

Subscription income from members is recognised over the period of the subscription. The subscription year is January to December, which is in line with the company's financial year.

Stallion return income is recognised proportionately to the processing of returns.

Bloodtyping and DNA fees in advance are recognised after twelve months have passed and no bloodtyping or DNA has been processed.

All revenue is stated net of the amount of goods and services tax (GST).

#### (c) Inventories

Inventories are measured at the lower of cost and current replacement cost.

#### (d) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

# The Arabian Horse Society of Australia Limited

ABN 12 001 281 590

## Notes to the Financial Statements

For the Year Ended 31 December 2013

---

### 1 Summary of Significant Accounting Policies (continued)

#### (d) Property, plant and equipment (continued)

##### Freehold Property

Freehold land and buildings are shown at their fair value based on periodic, but at least triennial, valuations by external independent valuers.

Increases in the carrying amount arising on revaluation of land and buildings are recognised in other comprehensive income and accumulated in the revaluation surplus in equity. Revaluation decreases that offset previous increases of the same class of assets shall be recognised in other comprehensive income under the heading of revaluation surplus. All other decreases are recognised in the statement of comprehensive income.

Any accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

##### Plant and equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to its estimated recoverable amount and impairment losses recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present.

##### Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, is depreciated on a straight-line or diminishing value basis over the asset's useful life to the company commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

<b>Class of Fixed Asset</b>	<b>Depreciation Rate</b>
Plant and Equipment	10%-30% (diminishing)
Furniture, Fixtures and Fittings	10% (diminishing)
Motor Vehicles	15% (straight line)
Computer Equipment	30% (diminishing)
Computer Software	30% (diminishing)
Archive Property	20% (diminishing)

The assets' residual values, depreciation methods and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Each asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

# The Arabian Horse Society of Australia Limited

ABN 12 001 281 590

## Notes to the Financial Statements

For the Year Ended 31 December 2013

---

### 1 Summary of Significant Accounting Policies (continued)

#### (e) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership that are transferred to the company are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all of the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the life of the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

#### (f) Financial instruments

##### Initial recognition and measurement

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. For financial assets, this is the equivalent to the date that the company commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transactions costs, except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

##### Classification and subsequent measurement

Financial instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method, or cost. *Fair value* represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

# The Arabian Horse Society of Australia Limited

ABN 12 001 281 590

## Notes to the Financial Statements

For the Year Ended 31 December 2013

---

### 1 Summary of Significant Accounting Policies (continued)

#### (f) Financial instruments (continued)

##### (i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

##### (ii) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

#### Impairment

At the end of each reporting period, the company assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are immediately recognised in profit or loss. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit and loss at this point.

#### (g) Impairment of assets

At the end of each reporting period, the company assesses whether there is any indication that an asset may be impaired. If such indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard. Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

#### (h) Employee benefits

Provision is made for the company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cashflows.

Contributions are made by the company to employee superannuation funds and are charged as expenses when incurred.

#### (i) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less which are convertible to a known amount of cash and subject to an insignificant risk of change in value, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

# The Arabian Horse Society of Australia Limited

ABN 12 001 281 590

## Notes to the Financial Statements

For the Year Ended 31 December 2013

---

### 1 Summary of Significant Accounting Policies (continued)

#### (j) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### (k) Income tax

No provision for income tax has been raised as the company is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

#### (l) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### (m) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

#### (n) Trade and other payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

#### (o) Critical accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Key estimates - Impairment

The company assesses impairment at each reporting date by evaluating the conditions specific to the company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

## Directors' Declaration

In accordance with a resolution of the directors of The Arabian Horse Society of Australia Limited, the directors of the company declare that:

1. The financial statements and notes, as set out on pages 9 to 23, are in accordance with the *Corporations Act 2001* and:
  - a. comply with Accounting Standards - Reduced Disclosure Requirements and
  - b. give a true and fair view of the financial position as at 31 December 2013 and of the performance for the year ended on that date of the company.
2. In the directors' opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Treasurer   
L Williamson

Director   
A Preston

## Independent Audit Report to the members of The Arabian Horse Society of Australia Limited

### Report on the Financial Report

We have audited the accompanying financial report of The Arabian Horse Society of Australia Limited, which comprises the statement of financial position as at 31 December 2013, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

#### *Directors' Responsibility for the Financial Report*

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Independence*

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of The Arabian Horse Society of Australia Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

ABN 12 001 281 590

## Independent Audit Report to the members of The Arabian Horse Society of Australia Limited

### *Opinion*

In our opinion the financial report of The Arabian Horse Society of Australia Limited is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's financial position as at 31 December 2013 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Regulations 2001*.
