

Kym Dyball (Qld)

My name is Kim Dyball and I am a Professional Horse Breaker and Trainer based in Southeast Queensland. Along with breaking and training I also operate our family stud, Centreline Arabians with my husband Karl, with the aim of breeding beautiful and functional; Purebred and Derivative Arabians.

For 45 years I've been competing across many breeds and disciplines to the highest of standard. I have been fortunate to have competed in everything from Eventing to Endurance to Dressage, as well as all events offered for Arabians. I have amassed numerous Australian Arabian National Championships and State Titles with my own home bred horses, as well as client horses, in both led and ridden events.

I am incredibly passionate about the Arabian horse and promoting their versatility where possible. I take great pleasure and pride in supporting and encouraging youth and non-professional riders so that they can enjoy their arabians also. I have enjoyed competing at the Australian Arabian National Championships for many years and I am proud to be on the Judging panel for this years event.
