Nadine Frampton (VIC)

Horses have shaped my life since childhood, a passion passed down from my mother. The Arabian horse, with its beauty, intelligence, and spirit, captured my soul completely.

For over four decades, I have bred, shown, and celebrated Arabians across Australia and internationally, from European and French National Championships and Menton to local triumphs. My journey has taken me to prestigious events multiple times, such as Scottsdale, Breeders' Cup, Egyptian Events, and numerous Regional and National Championships, from the Middle East and beyond, embracing the full spectrum of the Arabian's greatness in breed, show, performance, endurance, and racing disciplines.

I have dedicated decades of service to the Arabian community as show secretary, announcer, publicity officer, committee member, and more. Professionally, my Diploma in Business led to a rewarding career in sales, marketing, photography, and media, including over a decade working globally on events for HH Sheikh Mansoor bin Zayed Al Nahyan.

Though a life-altering accident changed my path, my devotion remains unwavering. The Arabian horse is my lifelong passion. I offer my experience to support the AHSA's future.
